

LOTS of excitement at the Shop this summer!!!

We feel so proud and pleased to have our customers bring in their out-of-town company for visits. Thanks for making us a **“destination”**!!! We are delighted to meet so many visiting quilters from all over the continent and overseas. We find ourselves grateful to have the Post Office across the street - makes it so easy for us to mail patterns and fabric wherever!

More accolades for our staff **Sharon Monk** is an award winner at the **Edmonton Quilters Guild Show** last month for her gorgeous **Spider Web Quilt**. While Sharon shies away from attention - we think she does magnificent work! We are glad she works with us - we are always first in line to see what beautiful projects she has just completed.

The latest addition to our Shop is a shiny new **AccuQuilt Studio Fabric Cutter**.... allowing us to provide our customers with quilt kits the likes of which you will NOT see elsewhere. We are busy cutting sumptuous flannels into ragged squares; exotic Oriental fabrics into Charm Squares and Jelly Rolls. Our templates allow us to cut Apple Cores, Tumblers, Tri-Recs and you-name-it shapes into fabulous kits. Since this is a hand-driven device - we are all toning our biceps. Wait a minute.... big biceps - is this a good thing?

Stop in to see our new kits - we are really pleased with what we are now able to offer our customers. Quilting without hours of cutting - what a treat!!!!

OUR 5 YEAR ANNIVERSARY CELEBRATION

- **August 20, 21, 22**
- **Refreshments, Door Prizes**
- **Our SALE of the year**

See you then The Quiltessential Co Girls
